Abhishek Singh

https://asking28.github.io/ |+91-9838576051 | abhishek.s.eee15@iitbhu.ac.in

Research Interests

Machine Learning, Computer Vision, Deep Learning, Robotics

Academic History

Indian Institute of Technology **Varanasi, India**
Bachelor of Technology, Electrical Engineering (9.09/10) July 2019 (Expected)
D.A.V School **Kota, India**
Central Board of Secondary Education (12th Class, 92.2%) May 2015
St.Peter's School **Panchgani, India**
Indian Certificate of Secondary Education (10th Class, 92.2%) May 2013

Skills and Certifications

Programming/ Scripting Languages- C, C++, Python, CSS, PHP, HTML
Frameworks and Tools- Tensorflow, Keras, CUDA, Git, Grafana, Prometheus
MOOCs- Deep Learning Specialization, Sequence Models, CNNs, Hyper Parameter Tuning, Optimization, Structuring Machine Learning Projects, Neural Network and Deep Learning

Research, Teaching and Internship Experience

Research Internship

Design and Innovation Hub at IIT(BHU) Varanasi **May –July 2017**

- Solar Energy Forecasting using Tensorflow, applied LSTM and Regression, accuracy 16% MAPE.

Design and Innovation Hub at IIT(BHU) Varanasi **May-July 2016**

- Smart Metering System, using GSM and Arduino, created a website for Electricity Users.

Teaching Assistant

1. Basic Electrical Engineering July- December 2018
2. Computer Programming and Linux Concepts January-May 2018

Software Engineering Internship at Indus Valley Partners, Noida, India

- Created a Cloud watch Using Prometheus, Grafana and Alert manager to Send Alerts, Monitor Servers on Grafana Dash Boards. https://github.com/asking28/resource_monitoring/wiki

Honors, Awards and Presentations

1. Poster Presentation at Institute Day IIT (BHU). 2017
2. Project Presentation at IIT Guwahati. 2016
3. KVPY (Kishore Vaigyanik Protasahan Yojana), Scholar by Indian Government for Research. 2015
4. Cleared IIT-JEE Advanced with top 99.99 Percentile. 2015

Projects

Object Recognition and Classification

- Object detection using YOLOv2 and YOLOv3 architectures using Python and Tensorflow. Trained it on Custom Dataset as well as coco dataset using NVIDIA GPUs as Part of Data Mining Project.

Electricity Price Forecasting

- Price forecasting with Neural Networks on MATLAB, MAPE of 6.5%, and MAE of 5.2%.

Extracurricular Activities

1. Gold Medal in Javelin Event in Spardha Sports Meet.
2. Vice- Captain of Athletics Team at IIT(BHU).
3. Participated in Inter-IIT tournament at IIT-Kanpur and IIT- Madras for Javelin Event.
4. Participated in Blood Donation camps.
